We're gonna try it tonight
We're gonna see if we can make love come between us
right
We're gonna lay love down and keep it warm 'til
mornin' light
So when the fire ignites, hold on tight
We're gonna try it tonight.

Day after day, you're the one I go out of my way to see
Night after night, I wonder when you'll get around to
lovin' me
We been feelin' without touchin', touchin' without
reaching for love
But love has reached for us, so.

We're gonna try it tonight
We're gonna see if we can make love come between us
right
We're gonna lay love down and keep it warm 'til
mornin' light
So when the fire ignites, hold on tight
We're gonna try it tonight.

At last we're alone, deep inside desire is finally flowing
free
Love how it's grown in just these moments you've been
holdin' me
Now we're feelin' without touchin'
Touchin' while we're reaching of love
And love has come to us, so.

We're gonna try it tonight
We're gonna see if we can make love come between us
right
We're gonna lay love down and keep it warm 'til
mornin' light
So when the fire ignites, hold on tight
We're gonna try it tonight.

We're gonna try it tonight
We're gonna see if we can make love come between us
right

We're gonna lay love down and keep it warm 'til
mornin' light
So when the fire ignites, hold on tight
We're gonna try it tonight...
