You know you shouldn't be here.  
What am I suppose to do?  
You know I've found a new love.  
And I'm trying to be true.

Didn't you say that we were over?  
Why do you keep hanging on?  
What makes you think you're welcome?  
Can't you just leave us alone?

What's a memory like you  
Doing in a love like this?  
She thinks we're all through  
But that's not the way it is.

When I hold her in my arms  
It's your lips I still kiss  
What's a memory like you  
Doing in a love like this?

Don't you know it would hurt her  
To find you here with me.  
Why make me remember  
The way it used to be?

Can't you see that she can love me  
In a way you never could.  
And I really want to love her.  
Ain't it time you left for good?

What's a memory like you  
Doing in a love like this?  
She thinks we're all through  
But that's not the way it is.

When I hold her in my arms  
It's your lips I still kiss.  
What's a memory like you  
Doing in a love like this?

What's a memory like you  
Doing in a love like, like this?...
