I've known my share of women and their pleasures
I've spent a few cold nights out in the rain
I've lived most all my life out on the highway
Known the girls in all the towns and all their names.

I'm just a woman lovin' kind of man
I find 'em when I leave 'em and I love 'em when I can
Lord, I leave 'em knowin' what I am
I'm a woman lovin' kind of man.

--- Instrumental ---

I've never spent a day searching tomorrow
It's just a dream that promised to no one
But I've looked back on my yesterdays and borrowed
From all that livin' lovin' that I've done.

I'm just a woman lovin' kind of man
I find 'em when I leave 'em and I love 'em when I can
Lord, I leave 'em knowin' what I am
I'm a woman lovin' kind of man.

--- Instrumental ---

Lord, I leave 'em lovin' who I am
I'm a woman lovin' kind of man.
I'm a woman lovin' kind of man...
