Working girl, working girl,
I love you working girl
And all the things that you do
Mhm I don't know what I would do
If you should up and leave
Just sit and grieve.
Sit and grieve, working girl.

Working girl,
You've got money all of the time
Working girl
Pay my debt and treat me fine.
Ah, I don't know if I could take it
If she should up and go
I love you so
I love you so, working girl.

--- Instrumental ---

Give me money when I'm down
Working girl she takes me out on the town working girl
Each time I think it's over she makes me
See she loves just me only me working girl.

Buy me rings,
Wxpensive things
Working girl cowboy boots
S swimming suit working girl.

Shany car, credit cards and that ain't all
When I'm with you I walk real proud I walk real tall
Working girl working girl I love you working girl
I love the things that you do...
