I wish you only knew
All the days I've made it through
Because of you
And your sweet love.

I wish that I could count the times
Peace and comfort filled my mind
Because of you
And your sweet love.

You're what keeps me going
The sun that lights my sky
The rose that blooms in winter
The rain that cools July.

Never try to tell me
That it wasn't God above
That sent me you
And your sweet love.

--- Instrumental ---

Almost every night it seems
You come walking through my dreams
Precious you
And your sweet love.

And tonight though we're apart
There's a fullness in my heart
Thanks to you
And your sweet love.

You're the rock I cling to
The star I wish upon
The water in my desert
The anchor in my storm.

Never try to tell me
That it wasn't God above
That sent me you
And your sweet love.

Precious you
And your sweet love...
