I only wish you'd listen,
I have never told you lies.
These things you think you're missin'
In the world out there do not satisfy.

I will not blame you if you leave
This has never been your home
But I'll always make you welcome here
'Til you can make it on your own.

When it all is goin' crazy
And you've got no place to hide
As I steal across your memory
You can't say I haven't tried.

Just remember what you want the most
Isn't always what it seems.

When it all is goin' crazy
And you've got no place to hide
As I steal across your memory
You can't say I haven't tried...
