You were named co-respondent in a devorce suit today  
That's the legal way of saying y'all went all the way, hey  
And I've been sittin' here a-prayin that's it's been some  
bad mistake  
You were named co-respondent in a devorce suit  
today.

Oh, the sheriff came by today with a sa-peen-o in his  
hand  
He said he was looking for you, I said I was your man  
No, he didn't pull his pistol but he sure 'nuff shot me  
down  
He said: son, she's in a devorce suit  
She's the means and she's the grounds!

You were named co-respondent in a devorce suit today  
That's the legal way of saying y'all went all the way, hey  
And I've been sittin' here a-prayin that it's been some  
bad mistake  
You were named co-respondent in a devorce suit  
today.

Oh baby, sit right down beside me  
Take your time and please explain  
How that lawyer knew about you  
How that paper's got your name?  
Lord, I'm tryin' to believe you so tell me where I'm at  
If it ain't true why should someone claim a thing like  
that?

You were named co-respondent in a deevorce suit  
today  
That's the legal way of saying y'all went all th way, hey  
And I've been sittin' here a-prayin that it's just some  
bad mistake  
You were named co-respondent in a devorce suit  
today...
