I hold her close and try to do the things you never did
I love her like a woman and tease her like a kid
I do the things I hope will bring sunshine to her life
She'll be yours to hurt tomorrow but she's mine to love
tonight.

She'll hurry home tomorrow to pretend that she's a wife
But if you show just a little love she wouldn't be here
tonight
She's found warmer lips to kiss her loving arms to hold
her tight
She'll be yours to hurt tomorrow but she's mine to love
tonight.

--- Instrumental ---

What a shame that you forgot what this woman's love
can bring
If you just do the things you did before you changed
her name
But until then I'll be the man who brightens up her life
She'll be yours to hurt tomorrow but she's mine to love
tonight.

She'll hurry home tomorrow to pretend that she's a wife
But if you show just a little love she wouldn't be here
tonight
She's found warmer lips to kiss her loving arms to hold
her tight
She'll be yours to hurt tomorrow but she's mine to love
tonight...
