Why are you so vicious?  
I wish you would just calm down.  
When I fall asleep  
My mind stays awake  
So many crazy things  
In outer space  
Don't be so vicious, friend.  
You'll sleep with the panthers.  
Don't be so vicious, my friend.  
You'll sleep with the panthers, I swear.  
They're all around you, just like the tingle in my spine.  
(x2)

HEY THERE FOXY CAT WHATCHA WHATCHA LOOKIN  
AT?

Oh, you caught me.  
I'm a thief and I like it.  
Your eyes like a blizzard.

So cold, but I love it.  
Panic first, then breathe for a second.  
Oh, he caught me.

Don't be so vicious, my friend.  
You'll sleep with the panthers, I swear.  
Your eyes change the world  
(x4)

Don't let him in, don't let him speak. Words from his  
throat, erupt like a bomb, his brain isn't safe, his eyes  
change the world. That face you can't stand, but enjoy  
all the same. Crawl through the town with your head in  
the ground, you'll be okay with your head in the  
ground.
