Well little by little by little by little  
I fell in love with you  
Little by little by little by little  
I know my love is true

My eyes show it, my heart knows it  
There's nothing I can do  
'Cause little by little I kept on fallin'  
'Til I fell in love with you

Oh little by little by little by little  
It made me care a lot  
Little by little by little by little  
I gave you all the love I got

You kissed my lips and my heart just flipped  
You thrill me through and through  
'Cause little by little I kept on fallin'  
'Til I fell in love with you

[CHORUS]  
Well my love keeps growin' stronger  
In each and everywhere  
So let's not wait no longer  
Come on name the day!

[VERSE 4]  
And little by little by little by little  
I think you're so divine  
And little by little by little by little  
I'm praying that you'll be mine

[VERSE 5]  
I tell the world that you're my guy  
And devote my life to you  
And little by little I kept on fallin'  
And I hope you do the same thing too

[Repeat CHORUS]

[Repeat VERSE 4]

[Repeat VERSE 5]
