Lyrics by Tamara Williamson

In your rented car
You could drive so far away from me
In your rented car
You could drive for seven days

In your rented car
On twisting sideroads

It's less scary

Oh Charlie...go away

Take on the food chain
Take on the food chain
Take on the food chain
Take on the food chain

Twisted sideroads
Go away
Tell them everything
Tell them nothing
Tell them everything
Oh Charlie...go away
Take on the food chain
Charlie...take on the food chain
Take on the food chain
Take on the food chain
Take on the food chain
Take on the food chain
