My Purpose, my call, my very existence in life would
mean nothing If You are not here, to share oh and I
Cherish every moment spent with you , (I get) the
closest to heaven
Nothing, and noone can compare (ohohohoh aah)
Can't even sleep at night less you're here by my side. I
Gotta know that you're okay
I Think bout you way too much, and I Æ€!

Hook: I'd leave behind my hopes, my dreams walk
away (from it all)yes I will (Is What I'd Do 4 you)
Swallow my pride even risk my life, give up my
freedom (What I'd do for you)
I'd lie for you, shed a million tears for you (Yeah),
infinite prayers for you, (I'LL be a Fool for you) I'd leave
behind my hopes my dreams yes I will (It's What I'd do)

Oohwee you got me hypnotized, just one look. All else
in my world fades away. (I still see is you)
A love so serious, it's making me blind. (Again) I still
see is you
You are my center, my whole world E-volves a-round
you
You're Such a relevant part in my life (without), without
ur presence nothing really matters
A lonely dessert, You're my only water,
I submit to u , (I submit to you)

Hook: I'd leave behind my hopes, my dreams (ooh)
walk away from it all , yes I will (Is What I'd Do 4 you
ooh)
Swallow my pride even risk my life, give up my
freedom (Risk my Life Æ€!What I'd do for you)
I'd lie for you, shed a million tears for you (Yeah),
infinite prayers for you, (Be a Fool for you) I'd leave
behind my hopes my dreams yes I will (It's What I'd do)

Bridge: I will be all that you dreamed of , provide all
that u hope for, Giving understanding, though at times
can be demanding (OOho Æ€!) never leave you
guessing, (for you I) for you I count my blessings, and I
Everyday's a blessing (ohohool, I) Never take for

granted, not a minute or a second. See, I know how
good I got it, Yes u know how good we got ayyy
