Bad bad boys aha
yeah ah ha, yeah ah ha, ah ha (2*)
bad bad boys, come with me, come with me(2*)
I feel positive
this time, I wan't to go away ah ha
bad bad boys, come with me, come with me, yeah

Hi it's me, if you know what I mean
I said it's me, my name is Efti and I wan't you to see
that positive people live longer
don't be negative (negative)
just be positive (positive)

Chorus

You keep on asking me
why can't we be together
I thought we had forever
I thought we love eachother
some other day strong, now I feel alone
I'll know someday and I'll know someday

Chorus

I like it like it is
and I like it like it was
but I'm not so sure anymore, anymore

Chorus (2*)
