It's time to walk the line
Take back what once was mine
Reclaim what I left behind
In you
Time ain't no friend (*2)

I've been on my own
For way too long
I can feel it slowly slipping away

(Love), love don't grieve me anymore (*3)

From my lips to God's ear
I swear I'm running scared
I'm jumping at every shadow babe

(Time), time ain't no friend (*2)

Oh, listen to me now:
From bayview Cologne
To the backstreets of Rome
I've searched every synagogue in Tel Aviv

(Love), love just don't grieve me anymore
(Love), love don't grieve me anymore (*2)

(Time), time ain't no friend (*2)
Time ain't no friend (*4)
