Talking:

Hey man, I know we haven't been friends for a long time

But I gotta talk to you about your new girl

I don't think you realize that how lucky you are to be with her

Just let me tell you a little bit about her

Listen

[verse 1]

She loves to walk on the beach

She'll take you to places you can't even reach

She always stares at the rain

And in her eyes you can't feel her pain

She likes to sleep on your shoulder

With her legs on top of you

She loves when you tell her you love her

'Cause she would do anything for you

Don't you ever push her away, even when you're mad
nooo

She'll remember, it wont go away and she'll be so sad
woohaa

Chorus:

I must confess I know how you feel

When you kiss her and you love her

'Cause I've been right where you are

And you have been askin' what's the deal

How do I know all about her

I'ts been so long ooh

I'ts so far

[verse 2]

She will write you poems but (You'll never get to read them)

She knows how to get your trust (And that you will never sting)

She will always put you first so you should do the same

'Cause she'll leave you if you don't, trust me I know
ohwoow

x2

Just listen to me one more time
'Cause I know what's on her mind
Don't you ask me how I do
I can't tell you until I'm through

Chorus x2:

I must confess I know how you feel
When you kiss her and you love her
'Cause I've been right where you are
And you have been askin' what's the deal
How do I know all about her
I'ts been so long ooh
I'ts so far

Talking :

You know I'm telling you that's her
You can treat her right, she deserves it
Man, don't make the same mistake I did
'Cause you gotta know a long time ago, at one point
She was my baby
