I've been awake all night,
Staring at the faded moonlight
And I'm so strung out on her
Lost my mind so long ago,
Wasting my time on her

I'm stuck in the same old mess,
And I'm feeling worst at best
Why can't I get my mind off her?
Can't find a way to find the words I wanna say
And I'm so strung out on her

And when I close my eyes I see
That girl looking back at me
And I can't stop pretending
That she's even in my life
And every day I'll wonder why,
Why'd I let it go. Why'd I let it go?

Finding the door has never been so hard
All these days, my head is falling apart
Give me a reason, give me a place to start
Before breaking point, I never got the art

And when I close my eyes I see
That girl looking back at me
And I can't stop pretending
That she's even in my life
And every day I'll wonder why,
Why'd I let it go. Why'd I let it go?
