There's this girl I know
Always at the show
She's got nowhere to go
Her hair covers up her face
A dream she never chased
Now a life that's gone to waste

Her father left her
She never saw him again
And every night she'd cry herself to sleep
And she always had to pretend
A torn heart never mended
And now her friends are showing her the way

Coz' she's the one
The party girl
She's the one
She's in her own world
Guys showing her the way
To an early grave
Giving it all away

She's drinking some more
Collapse onto the bathroom floor
No one knows what she saw
Over the years
Over all the fears
Over all the tears

Coz' she's the one
The party girl
She's the one
She's in her own world
Guys showing her the way
To an early grave
Giving it all away
