Take a deep breath
Into the pit

Inhale some oxygen, exhale your scattered mind,
The symphony of chaos
Inhale the sacred word, exhale your piece of mind,
The symphony of chaos

Distorted moments
Gates of hell

Dungeons of steel, I'm caught up in the fight, please
show me the light
Dungeons of steel, I know it's so unreal, The dungeons
of steel

Flames grow higher
We get burned

The battle still rages on, Hail to the wicked ones, the
symphony of chaos
Fly on the wings of death, into a crimson sky, the
symphony of chaos

Darkness unleashed
Demons will dance
Dungeons of steel, I know it's unreal
Dungeons of steel I know it's unreal
