Love is only broken pieces on the ground
Don't want it to be like this
Can't we turn back time
You're sailing on the river
I'm lying on the ocean shore
Were we just young fools
Breaking all the rules

Over and over shattered dreams
Over and over I'm lost and alone
Hold on the moment
Patience a lonely word
Is it over

There must be a door somewhere
All I need is the key
I feel the passion flowing inside of me yea
When I think of all our love
Leaves me in despair
Stone cold heart saddest part
Crime of passion with a one track mind

Over and over shattered dreams
Over and over I'm lost and alone
Hold on the moment
Patience a lonely word
Is it over

Same mistakes, same old lines
Why couldn't be different this time
Still I can't find the words that I knew
Still feel the passion, it hurts

Over and over shattered dreams
Over and over I'm lost and alone
Hold on the moment
Patience a lonely word
Is it over
