"A Teardrop Left Behind"

Sitting in your room, beneath a naked bulb you lie and
stare
Lock yourself away where you never can be reached,
and cry
Knowing how you lied
Still unsure why I want to give myself

Holding back your tears, you know no one's won in this
game
The games come around and we both got hurt
Falling, slowly, tear me down inside, my friend
My cruel, uncaring friend, I'll always
Always think of you

Crying alone, you never saw what I want
You always thought that I wanted you
Open you eyes for once and see how I hurt
How you make me hurt
Cause you never cared for me, it took so long to
Understand your thinking and see through your lies
To my truth

It tears me up inside, knowing now your blind
You're never gonna care for me...
