So long I've waited for you to come to me

Anticipated what I would say.  
And no one could know how it feels to be  
In your embrace again  
So tender.  
Yes  
There were times I could not hold on

Each day that came a little more hope was gone.  
I'd look into my heart to see what I had done

And now I can't believe  
The day is finally come!

I am walking over the bridge of spies today

Freedom is only one more step away  
You only have to hold me.

Take me to you!  
Now the things we wanted  
They're so far away it seems

Your love is a distant thing that I kept deep inside of  
me.  
Now if I could show you where I lived in my fantasy

On the continent of dreams you'd be with me.

I don't know if I could go through it all again

For what's the point if you are never free to say.  
This is what I believe  
This is a part of me

No hero  
No regrets  
But only meant to be.

I am walking over the bridge of spies today

...

I am walking over the bridge of spies today

...

Hold me

Hold me! Hold me

Hold me!
