Do something crazy for me again.
Call me up, I need a friend.
Lose your mind, just one more time.
I wanna see you again.
Hey! Hey! Please look at me.
I haven't been crazy since we were we.
And I wanna be, I wanna be, can't you see?
I wanna be crazy like I used to be.
So do something crazy for me again.
And we'll start our crazy love again.
Do something crazy, go out of your head.
Say the crazy things that you once said.
Do something crazy, give me a break.
Go out of your mind, girl, for heaven's save.
Do something crazy 'cause I know you can.
I wanna see you again.
I know, I know, I know what you can do.
I've seen you in action, and I know it's true.
I was crazy at one time too.
But the craziest thing I ever did was losing you.
Pick up the phone! I'm so goddamn alone.
Please name the place and the date.
Use the dial, it's been a while.
I really just can't wait.
Do something crazy...
