Do something crazy for me again  
Call me up, I need a friend  
Lose your mind, just one more time  
I wanna see you again

Hey, hey, hey  
Please look at me  
I haven't been crazy since we were we  
And I wanna be, I wanna be, now can't you see?

I wanna be crazy like I used to be  
So do something crazy for me again  
And we'll start our crazy love again  
Do something crazy, go out of your head

Say the crazy things that you once said  
Do something crazy, give me a break  
For out of your mind, girl, for heaven's sake  
Do something crazy 'cause I know you can

I wanna see you again  
I know, I know, I know what you can do  
I've seen you in action and I know it's true  
And I was crazy at one time too

But the craziest thing I ever did was losing you  
But the craziest thing I ever did was losing you  
But the craziest thing I ever did was losing you  
But the craziest thing I ever did was losing you

Hello, no, no he's not home right now  
Hello, no, Bonesy's not here right now  
Look I'm waiting for a phone call, just call later?

Pick up the phone, I'm so goddamn alone  
Please name the place and date  
Well, use the dial, it's been a while  
I really just can't wait

Do something crazy, come on now  
Do something crazy, well, I want to

Do something crazy  
Do something crazy  
Do something crazy  
Do something crazy

Do something crazy  
Do something crazy  
Do something crazy  
Come on
