You made some of my favourite records  
The sweet sweet sounds that you cut will last  
Reflect back, I drop a needle on a track  
And I was able to  
Tough it through a very checkered past

Thank you for the records

I love the way you make your music  
You've got a lovely way with words  
The music plays, in turn you turn your phrase  
Turn up the volume on  
The sweetest sounds I've ever heard

Thank you for the records [x2]

Put them on  
They go round and round and round and round again  
Oh, come on  
I just love the sound the sound the sound of them  
It's a sin  
What was written in spin  
Yeah you there go and so you win

Don't pay attention to the slander  
The harsh harsh words someone's to sense  
As I recall, the sound was a beautiful wall  
The magnitude of it was immense

Thank you for the records [x2]

Put them on  
They go round and round and round and round again  
Oh, come on  
I just love the sound the sound the sound of them  
And it's a sin  
What was written in spin  
Yeah you there go and so you win

[Spoken]

Thank you for the records  
For the records put me down

I really love the way the records sound

Thank you for the records [x2]

Put them on

They go round and round and round and round again

Oh, come on

I just love the sound the sound the sound of them
