When he left, he showed up at my door, different than he was before.

I was scared, and he was way off track.

He told me, people were out after him.

And talked of places that he'd never been,

On a mission, and sworn to secrecy, different than he used to be.

Back, back, and we're glad he's back, on track!!

It's good to have him back, he's back.

Back, back, and we're glad he's back, on track!!

It's good to have him back, he's back.

When he was gone, he slept out on my couch.

In the daytime he was always out.

I never knew where he went or how his afternoons were spent.

He said he had to slay a dragon, kill a giant, fix a wagon.

Wage a war, feed the world, and stamp out sin.

In the daytime he was never in.

Back, back, and we're glad he's back, on track!!

It's good to have him back, he's back.

Back, back, and we're glad he's back, on track!!

It's good to have him back, he's back.

I'm a freight train baby don't give me no sidetrack, no!

I want your main line baby!

Climb aboard the Eden Express!

This train is coming through!

This train is bound for glory!

This train, this train is coming through!

This train is bound for glory!

When he left, he showed up at my door, different than he was before.

I was scared and he was way off track.

I thought he wasn't coming back.

When he came back, he showed up at my door, different than he was before.

I was geared 'cause he was back on track.

It's good to have my old friend back.

Back, back, and we're glad he's back, on track!!

It's good to have him back, he's back.

Back, back, and we're glad he's back, on track!!

It's good to have him back, he's back.
