Mighty Mighty Bosstones
"Holy Smoke"

(Dicky Barrett/Joe Gittleman/Nate Albert/Dennis Brockenborough/Bosstones)

You made your bed, that's where you'll lie
No pearly gates when you die
We tried to teach, you didn't learn
You're going down, you're gonna burn
Fast at passing judgement and you're quick to cast a stone
Hypocrite talking shit, leave me alone
Thump the book and twist the word
You're setting sinners straight
Point your finger, wag your tongue
Then pass around the plate
I've made my bed that's where I'll lie,
Won't see the gates when I die
And I've been told I'll never learn,
I'm going down I'm gonna…
Screaming demons all hell broke loose
And other dark remarks
You say that's Satan's waiting for me
But I don't give a fuck
If words and music tick you off
Then you're the one who's sick
But I think it's fucking followers that really make you tick
As far as I can tell, I'm going to hell
As far as I know, it's where I'm gonna go
As far as I can tell, I'm going to hell
As far as I can see, you're coming with me
You made your bed that's where you'll lie
No pearly gates when you die
We tried to teach, you didn't learn
You're going down, you're gonna burn
Holy smoke! is this a joke?
I mean man you're on the move,
Shut 'em up and shut 'em down
If you don't approve
Cuss and curse and stuff your purse
And tell me where I'm goin'
Holy cow, man, don't stop now, man,
Your bank account is growin'

You made you're bed that's where you'll lie
No pearly gates when you die
We tried to teach, you didn't learn
You're going down, you're gonna burn
You made your bed that's where you'll lie
Thanks God I've got a place to sleep
No pearly gates when you die,
Why should I worry now or cry
We tried to teach, you didn't learn
You know I'm really not concerned
You're going down, you're gonna burn
