Tucked away in a secret place I sit here plotting your  
demise  
Nightmare burning images of terror into your closed  
eyes  
I produce the sounds that send these tremors through  
your spine  
Ask yourself if I dwell on Earth or simply in your active  
mind

I'm NOT REAL  
YOU CAN'T SEE ME  
I'm NOT HERE  
YOU WON'T FREE ME

Stay out of the dark  
Hide at night  
Save yourself when the bad dreams come to life

Paint me a picture of another world  
One that I can cling to when I start to lose my hold

Here comes VIB to steal you away  
Here comes consciousness to color in the grey

Open the door that I may see  
Transcending shape and color and conditionality

Advancing towards you now I stand, the cause of  
impending demise  
Once a nightmare came to life won't disappear when  
you shut your eyes  
I produce the pain that sends it's signals through your  
spine  
Now you know I dwell on Earth not simply in your active  
mind

I am REAL  
NOW YOU SEE ME  
I am HERE  
YOU HAVE FREED ME
