"Land Of The Free"

It's up to you to decide what's wrong and right
No one else can tell you how you should live your life
We were always told this was "the land of the free"
But in todays world does it mean anything?

Bridge [x2]

I want to be
Want to be free

In a world of cameras they watch you day and night
Always got an eye on you with artificial light
I was always told that they protect me
I don't want protection I want privacy

End [x2]

I wanna be free
I wanna be free
I wanna be free
When will we be free
