Well, it's so hard to face  
That in this day and age  
Somebody's race could trigger somebody's rage  
Somebody's preference can drive some total stranger  
To make somebody, somehow  
Feel the wrath of their anger

Why were we put here?  
What for? We're unsure  
We sure weren't put here to hate  
Be racist, be sexist  
Be bigots, be sure  
We won't stand for your hate

Now why so cut and dry?  
A simple concept missed  
Give tolerance a try  
This confusion still exists  
Ignorant mongers, no area's gray  
Couldn't be any wronger in this age and day

Why were we put here?  
What for? We're unsure  
We sure weren't put here to hate  
Be racist, be sexist  
Be bigots, be sure  
We won't stand for your hate  
Get that straight

Now how far have we come?  
How come there still are some?  
Who won't let some march to the beat of a different  
drum  
To face it, it's so hard  
You must be on your guard  
It's not okay  
And you're not free to be a different way

Why were we put here?  
What for? We're unsure  
We sure weren't put here to hate  
Be racist, be sexist

Be bigots, be sure  
We won't stand for your hate

Let's try to erase it, it's time that we face it  
If we don't, then who will? Shame on us  
Let's try to erase it, it's time that we face it  
Let's face it, the time is upon us  
Let's try to erase it, it's time that we face it  
If we don't, then who will? Shame on us  
Let's try to erase it, it's time that we face it  
Let's face it, the time is upon us
