Did you really just spend money on me?  
Did you really just pay for this CD?  
I thought that no one liked me, it doesn't make sense  
Am I really worth nine dollars and ninety-nine cents?  
I can't help if they like it, what can I do?  
Stupid people like you help me buy my food  
I can't help if they hate it, what do I know?  
Throw my albums out your window

1, 2, 3, 4: Watch me try to count some more  
6, 9, 2, 8: Aren't numbers really great?  
4, 3, 2, 1: This stupid thing has just begun  
9, 1, 5, 6: This Mohawk thing's a stupid trick

Chorus

I can't help it, you don't like it, oh, no refunds  
You don't want it, I don't want it so, no refunds  
I can't help it, you don't like it, oh, no refunds  
You don't want it, I don't want it so, no refunds

This is so wrong, I need a job  
Pray for my mom, This band's a bomb

Chorus

No refunds (x4)
