Oh baby, I'd build a mountain, I'd swim 'cross the ocean, for your love Oh lady, watch closely behind you, I'll search 'til I find you, for your love Where you gonna go now, I will follow, Where you gonna go now, I will follow you there Oh lady, I'd climb through your window, I'd love you and then go, for your love A guy like me, well I might not thrill you, A guy like me, well I just might kill you I won't wait around for your love Where you gonna go now, I will follow Where you gonna go now, I will follow you Oh lady, I'd build a mountain, I'm covered in lotion, for your love Oh baby, I'd swim 'cross the ocean, So lucky and chosen, for your love Where you gonna go now, I will follow, Where you gonna go now, I will follow you Where you gonna go now, I will follow, Where you gonna go now babe, I will follow you there I will follow, I will follow I will build you a mountain and jump off the top Swimmin the ocean, not gonna stop I will follow, I will follow I'm gonna follow you, I will follow you Where ya gonna go now, I will follow I'm gonna follow, I will follow you.
