Cold hearted person, never wants to listen  
To any problems but his own  
Not a rare sight these days I'm afraid to say  
But who is anyone to judge these days  
One for all and all for me  
Existing, not living

Give everyone a break  
You're driving every single one of us stir crazy  
You never take the time to ever question why  
You're so fucking lazy  
One for all and all for me  
Existing, not living

A twisted man, a bitter man  
Living self indulgence will you come undone?  
A twisted man, a bitter man  
Existing, not living

One, one for all and all for me  
You can't say it's the way  
Every person should be  
One, one for all and all for me  
That's the person I knew  
Where do you come undone?

One for all and all for me  
You can't say it's the way  
Every person should be  
One for all and all for me  
One for all and all for me
