Simmer down, my head is too hot so  
Simmer down, he's gonna get dropped so  
Simmer down, man, here's what I say  
Simmer down, now I've got to got to simmer down

A long time ago we used to be friends  
Picked my bones in my pockets that's where it ends so

Simmer down, control my temper  
Simmer down, the battle will be hotter  
Simmer down, okay, here's what I say  
Simmer down, oh, I'm leavin' in a day

Simmer down, here's what I say  
Simmer down, oh, I'm leavin' in a day  
Simmer down, okay, here's what I'm sayin'  
Simmer down, it's got to be this way

Where's the love? Where is the loyalty?  
We did our part, now where is love?

Simmer down, control my temper  
Simmer down, the battle will be hotter  
Simmer down, it's hard 'cause it hurts so  
Simmer down, kick me off

Simmer down, but the pain still exists  
Simmer down, and hey, sure he'll be missed  
Simmer down, it'll make us stronger  
Simmer down, and we'll live alot longer

Simmer down, what goes around  
Simmer down, will come around  
Simmer down, I know I've got to simmer down  
Simmer down, I'm tryin' to simmer down

Simmer down, I've got to, got to simmer down  
Simmer down, it's hard 'cause it hurts  
Simmer down, it's hard to be good

Simmer down, I've got to, got to simmer down  
Simmer down, I've got to, got to simmer down

Simmer down, I've got to, got to simmer down  
Simmer down
