From the impression that I get uk import single

There's so many ways to do this  
Anyone could tell me that  
I could, what if,  
There's more than one way to skin a cat  
My options are unlimited  
My choices I can't list  
Why don't i, or how about,  
The answer must exist  
I've never had a problem  
In the past I'd have a plan  
If it can't be done was offered  
Then I'd offer yes it can  
I've never had a problem  
There's a problem here and now  
There's so many ways to do this  
Somebody tell me how  
So many ways to get this done  
So many ways I must pick one  
There's so many ways to do this  
That much I have gathered  
If i, or maybe,  
I would like to or I'd rather  
Now I need support from somewhere  
On my own's out of the question  
So many ways I know that now  
I'm desperate for suggestions

I've never had a problem  
In the past I'd have a plan  
If it can't be done was offered  
Then I'd offer yes it can  
I've never had a problem  
There's a problem here and now  
There's so many ways to do this  
Somebody tell me how  
So many ways to get this done  
So many ways I must pick one  
So many ways I need someone to tell me  
What it would take to do this  
And it's out there hell it must be

Help me I no longer trust  
I've never had a problem  
In the past I'd have a plan  
If it can't be done was offered  
Then I'd offer yes it can  
I've never had a problem  
There's a problem here and now  
There's so many ways to do this  
Somebody tell me how  
So many ways  
I need someone (9x)
