I couldn't be more confused
But more than that I'm upset
We once stood side by side
We were young when we met

We'd always stand together
That's how we had it planned
Now where to do we stand?

Ooh, I can't stand the pain
I guess I don't understand
I just don't understand this stand off

There's a lot I don't understand
We're apart and don't have to be
What we know I don't know offhand
I only know this is killin' me

So I called your bluff
Said I'd see you around
You stood tough
You stood your ground

Now I'm standin' by
I'm tryin' to stand tall
I'm standin' alone

Don't understand this at all
I just don't understand
This stand off

There's a lot I don't understand
We're apart do we have to be?
What we know I don't know off hand
I only know this is killin' me

Now I'm standin' by
Watchin' myself die
Right besides myself
Like it isn't me, it's some other guy

And time's standin' still

And I'll stand here until
I understand or you come back
I really hope you will

I don't understand where we went wrong
I don't understand how we fell apart
Did I wait too long to write this song?
I always thought I was smart
