That bug bit me, I'll admit  
Stunned, it took a while to hit  
But when it hit me, I was bit  
Shit, I came clean with it

No match, who am I  
No match, who am I  
So why try to deny it  
Just a regular guy  
Who won't even try it

The bug's been around  
Since time began  
It's bitten  
Bigger badder bastard  
Than the one I am  
It can cripple  
And it can paralyze  
When I felt it's tooth  
I told the truth to my surprise

I saw the bug and I gotta say  
Oh, I tried to get away  
Well I tried to run and I tried to fight  
But the bug was there to bite

No match, who am I  
Must respect the insect  
It injects and infects  
If I may interject  
Well I love the effects

The bug's been around  
Since time began  
It's bitten  
Bigger badder bastard  
Than the one I am  
It can cripple  
And it can paralyze  
When I felt its tooth  
I told the truth to my surprise

No match, who am I  
No match, who am I  
So why try to deny it  
Just a regular guy  
Who won't even try it  
Must respect the insect  
It injects and infects  
If I may interject  
Well I love the effects

The bug's been around  
Since time began  
It's bitten  
Bigger badder bastards  
Than the one I am  
It can cripple  
And it can paralyze  
When I felt its tooth  
I told the truth to my surprise  
Yeah yeah yeah
