The horse shoe and the rabbit's foot as look what  
happened we were put  
... and recently, thesetook a decent piece of me.  
I know that in no likelihood that is most likely got for  
good  
An eye for one, and could... so... please, that's where  
we're at.

Chorus:

Let's all just leave well our home for now  
We should say goodnight  
And I believe in the horse shoe and the rabbit's foot  
In the morning everything will be all right!

The house too... we couldn't have, but should have  
known  
Don't bring a... I wonder what's it all about.  
The story changed so drastically  
Is gotta be a way that we try to listen and we see  
Exactly how we're trembling.

Chorus:

Let's all just leave well our home for now

We should say goodnight  
And I believe in the horse shoe and the rabbit's foot  
In the morning everything will be all right!

Little boys and...

I don't know what to say to you sometimes  
I believe that we should reveal our...  
In the morning everything will be all right

Sharks can...

Said all that we had to say  
I can diminish all this mess  
Something to be said for this  
Nothing left should be said  
Let's leave here alone instead  
I think the conversation is dead!

Chorus:

Let's all just leave well our home for now

We should say goodnight

And I believe in the horse shoe and the rabbit's foot

In the morning everything will be all right!
