Is it better through the worst?  
Could it be worst in the better?  
And this scene is mediocre  
As all the fucking rest  
Is it a no-go and so-so  
Above average and labor loaders  
Come and show them all that  
That all you need to know is that

You don't have to know the meaning  
Just show that there is meaning  
In what is being said to you  
You don't have to know

We've already said the tone  
Has happened and some know  
Is it subject for discussing?  
Is it better left alone?  
Should it be fixed or be nixed?  
Is it said or 86ed?  
Is this a business?  
The one that's being made is this

You don't have to know the meaning  
Just show that there is meaning  
In what is being said to you  
You don't have to know

The friendships in action  
Sat all through subtraction  
Disturbing emetics  
An up-chain reaction  
A monetary setback  
A minor distraction  
A milestone marker  
A break in the action

Your inner spirit's spell  
Your side you'd like to tell  
How'd you let it go?  
Unless you'd rather yell  
We'll dream you, and long you

Remember, we love you  
We've got to go  
But you should now  
That we'll be thinking of you

You don't have to know the meaning  
Just show that there is meaning  
In what is being said to you  
You don't have to know
