Don't look at me or look in my direction
Unless like me you'd like to see some change
I am the one man coalition with the package store
petition
If you'd like to feel free to sign your name

Their match they've met it's not a threat
And we'll knock down every statue that they've put up
Overthrow the powers that exist
Our freedoms are at stake our way of life lies on the
line
And all I need for you to do is sign

My misfortunes made me miss so many chances
Opportunities I'll never get again
But I did happen to find a cause that I can get behind
So if you don't mind would you kindly take the pen

Their match they've met it's not a threat
And we'll knock down every statue that they've put up
Overthrow the powers that exist
Our freedoms are at stake our way of life lies on the
line
And all I need for you to do is sign

Without the drive or real ambition or the strength to
soldier on
I was the man without a mission till this mission came
along
Now I'm the one man coalition with the package store
petition
Me and my seven signatures stand strong
Their match they've met it's not a threat
They've met their match it's hell they'll catch

And we'll knock down every statue that they've put up
Overthrow the powers that exist
Our freedoms are at stake our way of life lies on the
line
And all I need for you to do is sign
