No one cares or ever oversees  
To the years you learn that under these  
The message you have got to overlook  
So... don't care about the book

An uppercut... somebody deserves  
I need a stand and also on the nerves  
... the nerves get shot  
Don't forget what you are taught  
They're under hand, they'd understand  
You gotta get me upper hand  
Under the... come stances though  
Sometimes you gotta let it go

The upside art till now have nothing founded  
Over... somehow stay underground  
Well I found out from being under there  
Was never in a million years  
... myself or anyone I knew  
Anyways have anything to do  
With any of them now anyway  
And never underestimate

They're under hand, they'd understand

You gotta get me upper hand  
Under the circumstances though  
Sometimes you gotta let it go  
Understand now once you got  
The upper hand and they have not  
Even the underhand it knows  
Sometimes you gotta let it go.

On top of all of that...  
Up to you... chance  
... and no surprise  
... the only... thing I'd like to have  
... the greatest time you ever hand  
... still not seems nothing yet

They're under hand, they'd understand

You gotta get me upper hand  
Under the circumstances though  
Sometimes you gotta let it go  
Understand now once you got  
The upper hand and they have not  
Even the underhand it knows  
Sometimes you gotta let it go.
