Look at everyone  
There are new one's being listed close to telling  
Everyone take a look  
Look at the lives took so far

This guy had a son  
A newborn that he never got to hold onto  
Hold everything I hate this sight  
We're not the ones that went to fight this war

So go on give in and get 'em out  
Spin it anyway you want to we know what you're all  
about  
Saving lives instead of young face  
There might be one small saving grace  
If only someone kept us safe from you!

This one's 21  
His dad said the core was all he ever dreamed of  
His marine core dreams well they came true  
But he didn't get to be 22  
This list

It goes on and on and on  
There are new one's being listed close to telling now  
I wished everyday another pose  
Pray to god and hope we're almost through with this

So go on give in and get 'em out  
Spin it anyway you want to we know what you're all  
about  
Saving lives instead of young face  
There might be one small saving grace  
If only someone kept us safe from you!

Mission accomplished  
Cut them loose  
What is will be  
What's done is done  
You've fooled us all and fooled no-one  
Will it be worth it, was it fun?

Weep, rip, we hope, we cope, oh well  
I hope you're happy right in hell

So go on give in and get 'em out  
Spin it anyway you want to we know what you're all  
about  
Saving lives instead of young face  
There might be one small saving grace  
If only someone kept us safe from you!

Go on give in and get 'em out
