Keyboard ready, guitar at hand
America, my conquered land
Ready boys, let's take a stand
The Mohawk virus spread as planned

Bridge
You cannot stop us, no one can stop us (x3)
You cannot stop us, no one

Chorus
The Mohawk virus spread as planned
I'm the Mighty Mohawk Man (x2)
America, the conquered land
Conquered by the Mohawk Man (x2)

With magic tricks and sleight of hand
The Mohawk jet's prepared to land
As they clap I'm sure they'll stand
The Mohawk virus spread as planned

Bridge
