(Talk to me) I am not at peace honey
(Talk to me) tell me you love me sincerely
(Talk to me) darling don't remain silent
(Talk to me) because I love the excitement
Doobdidoob doodeeyah
For when you talk I fell like a man
And I get more zeal and inspiration
Even though I know it is mama I gizeem.

Refrain:

Tell me you think I'm sweeter than honey,
Tell me if I ever leave you you'll kill me.
Scratch up me back bite off me ears when I ask "what's
the matter?"
Tell me there's too much wood in the fire.

(Promise me) Promise me everything you wish
(Promise me) Give me in french or in spanish
(Promise me) Say something good or something bad
(Promise me) As long as I make you talk I'm glad
Doobdidoob doodeeyah
Our little love talk has turned me on
I could carry on from dusk till dawn
As long as I hear your sexy conversation.

Refrain

(Do you need) Mama rev up your engine
(Do you need) Give vent to your feelings
(Do you need) Honey bunch now some at all
(Do you need) Shame to the must get on and fall
I want a nice little mournful cry
Like uhoo, uhoo, uhoo, uhoo
Whoioioi, Sparrow, byeyeye
