I been thinkin' 'bout you baby and I don't know why.
'Cuz all you ever do is make me cry cry cry
But I been missin' all your kissin' and I swear it's a dirty
doggone shame, next time Cupid outta take a little
better aim

Well that fat naked baby with the arrow and bow has
got to be the worst marksman that I know I don't know
why he chose you for me, it's just been a lesson in
misery

I guess the arrow was poisoned and your love was a
curse as my heart rides away in the back of a hearse
Well you never wanted me, but I loved you just the
same, next time Cupid outta take a little better aim
(instrumental)

Well that fat naked baby with the arrow and bow has
got to be the worst marksman that I know, Don't know
why he chose you for me it's just been a lesson in
humility

If you're shootin' all the way from heaven's gate, Well
that just too long of a shot to take
Cuz we both know that your heart can never be tamed
Next time Cupid outta take a little better aim Well next
time cupid outta take a little better aim
