You're feeling blue,
Don't know what do to solo.
Cos you were always lyin'
Now you're cryin'
Just because I'm through with you.

Could it be?
Could it be?
Is it true?
I was fooled that I could die for you,
Tell me, Tell me,
Can't you see,
You'll never die for me.

You tried to break my heart,
But there was not a start.
When you were cheating me baby.
Believe me, You hurt me.
You made me go away.
It was the only way,
To turn and run away.
Bye, Bye, Bye.
Don't ever lie.

Could it be?
Could it be?
Is it true?
I was fooled that I could die for you,
Tell me, Tell me,
Can't you see,
You'll never die for me.

Could it be?
Could it be?
Is it true?
I was fooled that I could die for you,
Tell me, Tell me,
Can't you see,
You'll never die for me.

I couldn't stand the lie,
Now you are doomed to cry.

Bye, Bye, Bye.
Don't ever lie ahaaa.

Could it be?
Could it be?
Is it true?
I was fooled that I could die for you,
Tell me, Tell me,
Can't you see,
You'll never die for me.

Could it be?
Could it be?
Is it true?
I was fooled that I could die for you,
Tell me, Tell me,
Can't you see,
You'll never die for me.

Could it be?
Could it be?
Is it true?
I was fooled that I could die for you,
Tell me, Tell me,
Can't you see,
You'll never die for me.

Tell me, Tell me.
Can't you see,
You'll never die for me.
