I cannot stay  
I need to question  
All that you say  
But I understand  
How it never went  
As planned

[Chorus:]  
All I do, too little, too late  
Cause hurt inside, for you to hate  
All I do, everything you like  
But what it takes to make it right

Because I was  
So wrong that's all that it does  
But now I see all I do  
Before I walked in your shoes

[Chorus]  
  
Cause tonight  
I feel like  
I'm making all  
My mistakes tonight

[Chorus]  
  
Cause tonight  
I feel like  
I'm making all  
My mistakes tonight
