I never want to see
You standin' all alone
I never want to hear you
Callin' on my phone
So now you're not here
When i need you most
But i can't say to you
How i fail to show
It seems so hard at night
When i turn
And you're not in my sight

[Chorus:]
I would give myself to you
You'll never see
What i'm going through
And i would give myself to you
Even with the pain
You put me through

Now i showed how i feel
And then you give to me
The raw end of the deal
Listen now
Because i'll only to you once
Treat me like this so many times
That i can't count
It seems so hard at night
When i turn
And you're not in my sight

[Chorus]

Now i find out how hard
It is to be happy with me
So you
Could not drop your guard
But that's all
It would take to be free

So now you're not here
When i need you most

But i can't say to you
How i fail to show

[Chorus]

It seems so hard at night
When i turn
And you're not in my sight
It seems so hard at night when
I turn and you're not in my sight
