Yeah, I couldn't see  
What made  
That difference in your face?  
But I didn't know  
Why your life became disgraced  
Now reflection  
Felt like a brand new disease  
And you couldn't show  
What made a winning recipe

Yeah, now take it away  
Yeah, just live day to day  
(Before you)

[Chorus:]  
Run a' long  
Where did you go wrong?  
You feel like you're sober  
You're fourteen years older yeah  
Run a' long  
You're coming on strong  
You feel like you're sober  
You're fourteen years older

But you couldn't face  
What seemed like a lifetime ago  
So you shouldn't have  
Changed the you I used to know?  
Switch directions  
A lifetime made out of dreams  
You now change your path  
To cure this disease

Yeah, a walking cliché  
Yeah, just live day to day

[Chorus]

The fact  
You don't know who you are  
I wonder what it is  
Like to hide all your scars

To know you've opened up your eyes  
And realised  
(You cannot just get up and)

[Chorus]

Look what you're doing here man  
Look what you're doing here man  
Look what you're doing here now
