All I wanna do is make you happy x 6

Baby you ain't tryin',  
If I said I'm upbeat, I'd be lying,  
Show me what you're hiding,  
But if this is love then watch me die on you.

All I wanna do is make you happy x 3

Maybe you can't hear me,  
But I feel like screaming when you're near me,  
Save me from your theories,  
At the very least just let me cry on you.

Undervalued, I can't be far from the truth.  
Maybe I knew, hardly a bolt from the blue.

All I wanna do is make you happy x 6

Love and hate each other,  
If we can't get it together, you know we'll never ever ever.  
Fix a heart don't break it,

Can't you see the love around you?  
You know, you're crazy not to take it.

Undervalued, I can't be far from the truth.  
Maybe I knew, hardly a bolt from the blue

All I wanna do is make you happy x 6

Whatchya gonna do? I am not over you. x 4

Never gonna give you up, never gonna shut you out  
When's it gonna hit ya?  
I'm never gonna let you down. x 4

All I wanna do is make you happy x 3
