Bursting through a blood red sky
A slow landslide
And the world I've left behind
It's enough to lose your head
And disappear and not return again...

When I fall to my feet
Wearin' my heart on my sleeve
All I see just don't make sense

You are the port of my call
You shot and leavin' me raw
Now I know you're amazing

'Cause all I need
Is the love you breathe
Put your lips on me and
I can live underwater,
Underwater, underwater!
Underwater!

Bursting through a bright blue sky
A slow landslide
From the world I've left behind
It's enough to lose your head
And disappear
And not return again

When I fall to my feet
Wearin' my heart on my sleeve
All I see just don't make sense
You are the port of my call
You shot and leavin' me raw
Now I know you're amazing

'Cause all I need
Is the love you breathe
Put your lips on me and
I can live underwater,
Underwater, underwater!
Underwater!

Underwater, underwater,
I can live underwater,
With your love I can breath,

I can breath,
Underwater (2X)
